

MATHIAS LOMHOLT BJARNASON

BACKGROUND

I am a motivated and hardworking individual, with an eagerness to continue educating myself in various programming languages and technologies.

I enjoy adapting to the ever evolving challenges associated with programming and constantly strive to better my understanding.

Currently, I am focusing my attention on bettering my knowledge of React, HTML and CSS. I have excellent written and verbal communication skills, thrive in a team-based environment and I am adept at picking up/polishing skills both old and new.
